

**Element Type**
**Name**

lightweight wall, composite construction	P_1: RAG Flammoplast F240
lightweight wall, composite construction	P_2: RAG Flammoplast F240
monolithic wall	P_3: Thermocellit M30
lightweight double wall, metal frame	P_4: Technostar
monolithic wall	P_5: Thermocellit M20
monolithic wall with ETICS	P_6: Thermocellit M20
monolithic wall	P_7: BN 20/14 Silenzio
monolithic wall with ventilated cladding	P_8: BN 20/14 Silenzio
window / french window	P_9: window, wooden frame 58/68
window / french window	P_10: window, wooden/aluminium frame 58/68 HA3
window / french window	P_11: window, plastic frame 58/66, MPR2
window / french window	P_12: window, plastic frame 70/78, MPR3
lightweight double wall, metal frame	P_13: Fermacell 1 S11
lightweight double wall, metal frame	P_14: Fermacell 1 S31
lightweight double wall, metal frame	P_15: Fermacell 1 S31/W
lightweight double wall, metal frame	P_16: Fermacell 1 S 32
lightweight double wall, timber frame	P_17: Fermacell 1 HG32-8
lightweight double wall, timber frame	P_18: Fermacell 1 HA32
timber floor with wooden joists	P_19: Fermacell 2 E31
timber floor with wooden joists	P_20: Fermacell 2 E31
timber floor with wooden joists	P_21: Lignatur silence (LFEs)
timber floor with wooden joists	P_22: Lignatur silence (LFEs)
timber floor with wooden joists	P_23: Lignatur silence (LFEs)
roof, double corrugated metal sheets	P_24: ventilated roof SP 57 / SP41
non-ventilated roof with sheeting	P_25: non-ventilated roof SP95
facade, steel panel sections	P_26: facade element type 1
facade, steel panel sections	P_27: facade sandwich element MK80/SP41
window / french window	P_28: Thobaline - HM
lightweight wall, composite construction	P_29: Terodem - heavy plastic sheet
timber floor with wooden joists	P_30: Percophon
monolithic floor	P_31: Polysilent plus
sloped roof, insulation above rafters	P_32: Pavatherm Plus / Pavatherm
sloped roof, insulation between rafters	P_33: Pavatex bottom roof bitum.
timber floor with wooden joists	P_36: Pavatherm Floor NK / Pavastep
monolithic floor	P_37: Pavapor
timber floor with wooden joists	P_38: Pavapor
timber floor with wooden joists	P_39: Pavatherm / Pavapor
timber floor with wooden joists	P_40: Pavatherm Floor NK / Pavath.-system board
monolithic floor	P_41: Pavatherm system plate
facade, steel panel sections	P_42: Akustic facade DE 145
facade, steel panel sections	P_43: Akustic facade SEA/WTP 160.2
facade, steel panel sections	P_44: Akustic facade SEA/WTP 160.2
facade, steel panel sections	P_45: Sonotec SSF
window / french window	P_46: BRUNEX dB-Confort T30 59mm
window / french window	P_47: BRUNEX MultiTalent-dB-Confort T30 59mm
window / french window	P_48: BRUNEX dB-Confort T30 59mm
window / french window	P_49: BRUNEX dB-Confort T30 59mm
window / french window	P_50: BRUNEX dB-Plus 39mm
window / french window	P_51: BRUNEX dB-Confort-Midi T30 46mm
window / french window	P_52: BRUNEX dB-Confort-Midi Alu T30 46mm
window / french window	P_53: BRUNEX-Silencium T30 59mm
monolithic floor	P_54: TIARA-Velventino LF 522
monolithic floor	P_55: TISCA Forte
monolithic floor	P_56: Multimoll Top 9
monolithic floor	P_57: Multimoll Top 15
window / french window	P_58: BRUNEX dB-Confort-Midi-T30 46mm
window / french window	P_59: BRUNEX-dB-Confort T30 59mm
window / french window	P_60: BRUNEX-Silencium T30 59mm
glazing	P_61: Top Phon
glazing	P_62: Top Phon
glazing	P_63: Top Phon
external cavity wall	P_64: masonry double wall MB
monolithic wall	P_65: masonry wall MBD
cement/calcium sulphate floating floor	P_66: swissporEPS Roll EPS-T
cement/calcium sulphate floating floor	P_67: swissporEPS Roll EPS-T
cement/calcium sulphate floating floor	P_68: swissporEPS Roll EPS-T
cement/calcium sulphate floating floor	P_69: swissporEPS Roll EPS-T
window / french window	P_70: "HPG Phon-Modul 35" Velux
window / french window	P_71: "HPG Phon-Modul 40" Velux
monolithic wall with ETICS	P_72: Lamitherm S
monolithic wall with ETICS	P_73: Wancortherm K
monolithic wall with ETICS	P_74: Wancortherm L
timber floor with wooden joists	P_75: Homatherm
timber floor with wooden joists	P_76: Homatherm
lightweight double wall, timber frame	P_77: Homatherm holzFlex 040

**Element Type**
**Name**

lightweight double wall, timber frame	P_78: Homatherm flexCL 040
lightweight double wall, timber frame	P_79: Homatherm flexCL 040
non-ventilated roof with sheeting	P_80: Sarnadrain
monolithic floor	P_81: Flumroc-floor construction
monolithic floor	P_82: Flumroc-floor construction
monolithic floor	P_83: Flumroc-floor construction
monolithic floor	P_84: Flumroc-floor construction
monolithic floor	P_85: Flumroc-floor construction
monolithic floor	P_86: Flumroc-floor construction
monolithic floor	P_87: Flumroc-insulation slab IGLU
monolithic floor	P_88: Flumroc-insulation slab IGLU
monolithic floor	P_89: Flumroc-roof insulation slab 341
cement/calcium sulphate floating floor	P_90: Flumroc-roof insulation slab 341
cement/calcium sulphate floating floor	P_91: Flumroc-roof insulation slab 341
cement/calcium sulphate floating floor	P_92: Flumroc-roof insulation slab 341
cement/calcium sulphate floating floor	P_93: Flumroc-roof insulation slab 341
timber floor with wooden joists	P_94: Flumroc-insulation slab IGLU
timber floor with wooden joists	P_95: Flumroc-insulation slab IGLU
timber floor with wooden joists	P_96: Flumroc-insulation slab IGLU
monolithic floor	P_97: thumaphon 900
window / french window	P_98: casement window "Theatersaal"
window / french window	P_99: window, wooden frame, type "Eiger"
lightweight double wall, metal frame	P_100: CW 50/75
lightweight double wall, metal frame	P_101: CW 75/100
monolithic wall	P_102: Unipor 0.105
lightweight double wall, metal frame	P_105: CW 100/125
lightweight double wall, metal frame	P_106: CW 50/100 double cladded
lightweight double wall, metal frame	P_107: CW 75/125 double cladded
lightweight double wall, metal frame	P_108: CW 100/150 double cladded
lightweight double wall, metal frame	P_109: CW 100/150 double cladded
lightweight double wall, metal frame	P_110: CW 50/100 double cladded
lightweight double wall, metal frame	P_111: CW 75/125 double cladded
lightweight double wall, metal frame	P_112: CW 100/150 double cladded
lightweight double wall, metal frame	P_113: CW 50/105 double cladded
lightweight double wall, metal frame	P_114: CW 75/130 double cladded
lightweight double wall, metal frame	P_115: CW 100/155 double cladded
lightweight double wall, metal frame	P_116: CW 75/125 double cladded
lightweight double wall, metal frame	P_117: CW 50/100 double cladded
lightweight double wall, metal frame	P_118: CW 75/125 double cladded
lightweight double wall, metal frame	P_119: CW 100/150 double cladded
lightweight double wall, metal frame	P_120: Sigma 50/100 double cladded
lightweight double wall, metal frame	P_121: Sigma 75/125 double cladded
lightweight double wall, metal frame	P_122: Sigma 100/150 double cladded
lightweight double wall, metal frame	P_123: Sigma 50/100 double cladded
lightweight double wall, metal frame	P_124: Sigma 75/125 double cladded
lightweight double wall, metal frame	P_125: Sigma 100/150 double cladded
lightweight double wall, metal frame	P_126: CW 50/75 single cladded
lightweight double wall, metal frame	P_127: CW 75/100 single cladded
lightweight double wall, metal frame	P_128: CW 100/125 single cladded
lightweight double wall, metal frame	P_129: CW 50/100 double cladded
lightweight double wall, metal frame	P_130: CW 75/125 double cladded
lightweight double wall, metal frame	P_131: CW 100/150 double cladded
lightweight double wall, metal frame	P_132: CW 50/100 double cladded
lightweight double wall, metal frame	P_133: CW 75/125 double cladded
lightweight double wall, metal frame	P_134: CW 75/120 double cladded
lightweight double wall, metal frame	P_135: H 60x60/85 double cladded
lightweight double wall, metal frame	P_136: H 60/60/110 double cladded
lightweight double wall, metal frame	P_137: CW 50+50/155
lightweight double wall, metal frame	P_138: CW 75+75/205
lightweight double wall, metal frame	P_139: CW 75+75/225
lightweight double wall, metal frame	P_140: CW 75+75/205
lightweight double wall, metal frame	P_141: CW 50+50/155
lightweight double wall, metal frame	P_142: Sigma 50+50/155
monolithic wall with ventilated cladding	P_143: V-CW 50/12.5
monolithic wall with ventilated cladding	P_144: V-CW 50, 12.5+5+12.5
monolithic wall with ventilated cladding	P_145: V-JCD 27/12.5
monolithic wall with ventilated cladding	P_146: V-AP 55 + V-CW50/12.5
monolithic wall	P_147: Alba 60mm
monolithic wall	P_148: Alba 80mm
monolithic wall	P_149: Alba 100mm
monolithic wall	P_150: Alba 140mm
monolithic wall	P_151: Alba light 80mm
monolithic wall	P_152: Alba light 100mm
monolithic wall	P_153: Alba 60mm + Albaphon 55mm
monolithic wall	P_154: Alba 60mm + Albaphon 70mm

Element Type	Name
monolithic wall	P_155: CW-A 50/100
monolithic wall	P_156: CW-A 50/100
monolithic wall	P_157: CW-A 50/115
monolithic wall	P_158: CW-A 50/113
lightweight double wall, metal frame	P_159: CW-A 75/141
lightweight double wall, metal frame	P_160: CW-A 100/166
lightweight double wall, metal frame	P_161: Sigma-A 50/113
lightweight double wall, metal frame	P_162: Sigma-A 75/138
lightweight double wall, metal frame	P_163: Sigma-A 100/163
lightweight double wall, metal frame	P_164: Sigma-A 50/125
lightweight double wall, metal frame	P_165: Sigma-A 75/150
lightweight double wall, metal frame	P_166: Sigma-A 100/175,
lightweight double wall, metal frame	P_167: CW-A 50+50/155
lightweight double wall, metal frame	P_168: CW-A 50+50/168
lightweight double wall, metal frame	P_169: CW-A 75+75/450
lightweight double wall, metal frame	P_170: CW-A 75+75/455
monolithic wall with ventilated cladding	P_171: V-AP 55
monolithic wall with ventilated cladding	P_172: V-CW-A 50/25
monolithic wall with ventilated cladding	P_173: V-CW-A 50/25+ RB12.5
monolithic wall with ventilated cladding	P_174: V-AP 55 / V-CW50/12.5
facade, steel panel sections	P_175: SAGLAN SK 32 + SAGLAN ST
sloped roof, insulation between rafters	P_179: SAGLAN SB 22
sloped roof, insulation between rafters	P_180: SAGLAN SB 40
sloped roof, insulation between rafters	P_182: SAGLAN SR 22
cement/calcium sulphate floating floor	P_184: SAGLAN ST 20/17
cement/calcium sulphate floating floor	P_185: SAGLAN ST 20/17
cement/calcium sulphate floating floor	P_186: SAGLAN ST 20/17
cement/calcium sulphate floating floor	P_187: SAGLAN ST 20/17 + Sagex EPS 20/20
cement/calcium sulphate floating floor	P_188: SAGLAN ST 20/17 + Sagex EPS 20/20
cement/calcium sulphate floating floor	P_189: SAGLAN ST 20/17 + Sagex EPS 20/20
external cavity wall	P_190: masonry double wall MBD
external cavity wall	P_191: masonry double wall MBD
monolithic wall with ETICS	P_193: Ytong-MPS 150 system S
monolithic wall with ETICS	P_194: Ytong-MPS 150 system S
monolithic wall with ETICS	P_195: Ytong-MPS 150 system MW-1
monolithic wall with ETICS	P_196: masonry wall MB
monolithic wall	P_197: masonry wall MB
lightweight double wall, metal frame	P_198: CW 75/125
external timber frame wall	P_199: Isorooft Natur / Pavatherm
external timber frame wall	P_200: Pavatherm / Pavatherm Plus
monolithic wall with ETICS	P_201: Ytong MPS 150 system MW-1
monolithic roof with cladding	P_202: Ytong roof for living rooms
non-ventilated roof with sheeting	P_203: Ytong non-ventilated roof
monolithic floor	P_204: Ytong floor between dwellings
sloped roof, insulation between rafters	P_207: Isofloc
timber floor with wooden joists	P_208: Isofloc
external timber frame wall	P_209: Isofloc
lightweight double wall, metal frame	P_210: Isofloc
lightweight double wall, metal frame	P_211: Isofloc
lightweight double wall, metal frame	P_212: Isofloc
lightweight double wall, metal frame	P_213: Isofloc
lightweight double wall, metal frame	P_214: Isofloc
lightweight double wall, metal frame	P_215: Isofloc
lightweight double wall, metal frame	P_216: Isofloc
monolithic floor	P_217: Isofloc
monolithic wall	P_218: concrete block
monolithic wall	P_219: concrete block
timber floor with wooden joists	P_220: timber floor w. wooden joists
monolithic floor	P_221: concrete floor
window / french window	P_222: combined window (IV +EV)
monolithic floor	P_223: separating floor
external cavity wall	P_224: heavy double wall
timber floor with wooden joists	P_225: timber floor w. wooden joists
timber floor with wooden joists	P_226: timber floor w. wooden joists
lightweight wall, composite construction	P_227: Poly-composite construction
lightweight wall, composite construction	P_228: Poly-composite construction
timber floor with wooden joists	P_229: timber floor w. wooden joists
timber floor with wooden joists	P_230: timber floor w. wooden joists
timber floor with wooden joists	P_231: timber floor w. wooden joists
cement/calcium sulphate floating floor	P_232: EPS-impact insulation
monolithic wall with ventilated cladding	P_234: modular blocks
monolithic wall with ventilated cladding	P_235: modular blocks
sloped roof, insulation above rafters	P_236: ventilated roof
sloped roof, insulation above rafters	P_237: ventilated roof
sloped roof, insulation above rafters	P_238: ventilated roof

Element Type	Name
timber floor with wooden joists	P_239: laminated timber floor with wooden hard board
timber floor with wooden joists	P_240: laminated timber floor with gypsum fibre board
timber floor with wooden joists	P_241: laminated timber floor with cement. float. floor
timber floor with wooden joists	P_242: timber floor w. wooden joists
timber floor with wooden joists	P_243: timber floor w. wooden joists
timber floor with wooden joists	P_244: timber floor w. wooden joists
timber floor with wooden joists	P_245: timber floor w. wooden joists
lightweight wall, composite construction	P_246: sandwich plate
window / french window	P_247: movable curtain wall
window / french window	P_248: movable curtain wall
lightweight double wall, metal frame	P_249: separating wall element
lightweight double wall, metal frame	P_250: separating wall element
lightweight double wall, metal frame	P_251: separating wall element
lightweight double wall, metal frame	P_252: movable wooden wall
monolithic wall with ETICS	P_253: Modul BN / exterior insulation
monolithic wall with ETICS	P_254: Modul BN / exterior insulation
monolithic wall with ETICS	P_255: Modul BN / exterior insulation
monolithic wall with ETICS	P_256: Calmo / exterior insulation
monolithic wall with ETICS	P_257: calcium-silicate block / exterior insulation
monolithic wall with ETICS	P_258: concrete block / exterior insulation
monolithic wall	P_259: aerated concrete
lightweight double wall, metal frame	P_260: lightweight wall
cement/calcium sulphate floating floor	P_261: floating floor
cement/calcium sulphate floating floor	P_262: floating floor
cement/calcium sulphate floating floor	P_263: floating floor
cement/calcium sulphate floating floor	P_264: floating floor
cement/calcium sulphate floating floor	P_265: floating floor
cement/calcium sulphate floating floor	P_266: floating floor
cement/calcium sulphate floating floor	P_267: floating floor
external cavity wall	P_268: masonry double wall
external cavity wall	P_269: masonry double wall
monolithic wall with ETICS	P_270: exterior insulation system
monolithic wall with ETICS	P_271: exterior insulation system
monolithic wall with ETICS	P_272: exterior insulation system
monolithic wall with ETICS	P_273: exterior insulation system
monolithic wall with ETICS	P_274: exterior insulation system
monolithic wall with ETICS	P_275: exterior insulation system
monolithic wall with ventilated cladding	P_276: exterior insulation system
window / french window	P_277: wooden door leaf
window / french window	P_278: wooden door leaf with heavy plastic sheet
window / french window	P_279: wooden door leaf with heavy plastic sheet
roller shutter box	P_280: roller shutter box
timber floor with wooden joists	P_281: timber floor w. wooden joists
timber floor with wooden joists	P_282: timber floor w. wooden joists
timber floor with wooden joists	P_283: timber floor w. wooden joists
timber floor with wooden joists	P_284: timber floor w. wooden joists
timber floor with wooden joists	P_285: timber floor w. wooden joists
timber floor with wooden joists	P_286: timber floor w. wooden joists
timber floor with wooden joists	P_287: timber floor w. wooden joists
timber floor with wooden joists	P_288: timber floor w. wooden joists
timber floor with wooden joists	P_289: timber floor w. wooden joists
timber floor with wooden joists	P_290: timber floor w. wooden joists
timber floor with wooden joists	P_291: timber floor w. wooden joists
timber floor with wooden joists	P_292: timber floor w. wooden joists
timber floor with wooden joists	P_293: timber floor w. wooden joists
timber floor with wooden joists	P_294: timber floor w. wooden joists
timber floor with wooden joists	P_295: timber floor w. wooden joists
timber floor with wooden joists	P_296: timber floor w. wooden joists
timber floor with wooden joists	P_297: timber floor w. wooden joists
timber floor with wooden joists	P_298: timber floor w. wooden joists
timber floor with wooden joists	P_299: timber floor w. wooden joists
timber floor with wooden joists	P_300: timber floor w. wooden joists
timber floor with wooden joists	P_301: timber floor w. wooden joists
timber floor with wooden joists	P_302: timber floor w. wooden joists
sloped roof, insulation between rafters	P_303: roof with insulation above rafters
sloped roof, insulation above rafters	P_304: roof with insulation above rafters
sloped roof, insulation above rafters	P_305: roof with insulation above rafters
sloped roof, insulation above rafters	P_306: roof with insulation above rafters
sloped roof, insulation above rafters	P_307: roof with insulation above rafters
sloped roof, insulation above rafters	P_308: roof with insulation above rafters
lightweight double wall, metal frame	P_309: W-121
lightweight wall, composite construction	P_310: sound protection board
lightweight double wall, metal frame	P_311: W-121 Piano
lightweight double wall, metal frame	P_312: timbatec-wall Nr. 25
lightweight double wall, metal frame	P_313: Thermosafe

**Element Type**
**Name**

lightweight double wall, metal frame	P_314: interior wooden stud wall
lightweight double wall, metal frame	P_315: Pavatherm
lightweight double wall, metal frame	P_316: timbatec-wall Nr. 31
