

# Cadna A<sup>®</sup> Training Advanced Level

The **CadnaA** Advanced training focuses on the efficient handling of **CadnaA**. All techniques that are essential for your efficient daily work, like import of data from different sources, massive modifications, use of conditions and project management, are discussed and trained in detail by use of examples.

The training has been designed in such a way that participants will practice every topic by means of simple **CadnaA** files.

## WHO SHOULD ATTEND?

Requires the prior attendance of the seminar **CadnaA Basic Training** or equivalent knowledge.

## TRAINING DEVELOPMENT

The general workflow is as follows:

1. The trainer briefly presents the topic
2. Participants complete the exercise step by step
3. The trainer repeats the exercise
4. Short Q&A and summary

## MATERIALS

- CadnaA License at the latest version
- CadnaA Training book (pdf format)
