

## Online training **Basic Level**

Duration: 1 Day, from 09:00 to 12:30 (including pause of 15 min)

The hands-on basic training imparts basic knowledge about how to use the **CadnaB** software. The user will learn the basic structure and handling thanks to the provided practical exercises. An overview is given of the modelling and calculation procedures including special transmission situations as well as the special features of the software

The training has been designed in such a way that participants will practice every topic by means of simple **CadnaB** files.

### Essential information

Target user group	Training methodology	Training materials
CadnaB users with less than <b>6 months of experience</b> who want to get the basic knowledge on modelling and calculation tasks with the software.	<ol style="list-style-type: none"> <li>1. Short introduction to the topic</li> <li>2. Practice step-by-step</li> <li>3. Explanation by the trainer</li> <li>4. Summary and Short Q&amp;A</li> </ol>	<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> CadnaB License on the latest version</li> <li><input checked="" type="checkbox"/> CadnaB Training book (pdf format)</li> <li><input checked="" type="checkbox"/> CadnaB Files</li> <li><input checked="" type="checkbox"/> Training Certificate (pdf format)</li> </ul>

## Contents\*

<b>Basic operation CadnaB</b>	Import of Bitmap files as layout plans Modelling of walls / rooms / sub-constructions Modelling of special elements Storey management
<b>CadnaB calculation</b>	Configuration of calculations and related information Results and requirements
<b>Working with a whole building</b>	Automatic junction detection Complex transmission situations Room / habitation assignment Generation of reports
<b>Interoperability</b>	Interoperability CadnaB - CadnaR Interoperability CadnaA – CadnaB - CadnaR
<b>Special features</b>	Import from Insul Auralization

\* The contents of the training as well as the duration of each topic may be different depending on specific requests or interests of the attendees
